In physics, time is the fourth dimension. Physicists argue that spacetime can be understood as a sort of stretchy fabric that bends due to forces such as gravity. In classical physics the future is just a half of the timeline, which is the same for all observers. In special relativity the flow of time is relative to the observer's frame of reference. The faster an observer is traveling away ...

### Future - Wikipedia

The Handmaid's Tale is a futuristic dystopian novel by Canadian author Margaret Atwood, published in 1985. It is set in a near-future New England, in a strongly patriarchal, white supremacist, totalitarian theonomic state, known as the Republic of Gilead, which has overthrown the United States government. The central character and narrator is a woman named Offred, one of the group known as ...
