Patterns Of Relating An Adult

A pattern is a regularity in the world, in human-made design, or in abstract ideas. As such, the elements of a pattern repeat in a predictable manner. A geometric pattern is a kind of pattern formed of geometric shapes and typically repeated like a wallpaper design.. Any of the senses may directly observe patterns. Conversely, abstract patterns in science, mathematics, or language may be ...

Pattern - Wikipedia

These patterns are not mental health diagnoses. The first three are normal patterns of relating, although the second and third are considered insecure patterns, less healthy than the secure pattern.
