Read Free Whats A Manual Worker

Manual labour (in British English, manual labor in American English) or manual work is physical work done by humans, in contrast to labour by machines and working animals. It is most literally work done with the hands (the word "manual" comes from the Latin word for hand) and, by figurative extension, it is work done with any of the muscles and bones of the body.

Manual labour - Wikipedia

Most blue-collar jobs are considered manual labor, like track switch repairmen, machinists and petroleum pump system operators. As the name suggests, manual labor describes jobs where most of the responsibilities involve physical tasks as opposed to working on a computer.
